The Challenge

Educational institutions are managing complex environments and often face:

- ❗ Disconnected security systems
- ❗ Limited perimeter visibility
- ❗ Inconsistent access control
- ❗ Delayed incident coordination
- ❗ Aging or difficult-to-manage infrastructure

The Safe Learning 101 Approach

01 EXPERT-LED ASSESSMENT

Identify vulnerabilities across campus environments and operations.

02 INTEGRATED SECURITY STRATEGY

Align people, technology, and procedures into a unified plan.

03 PROFESSIONAL IMPLEMENTATION & SUPPORT

Design, install, maintain, and support integrated solutions.

Integrated Solutions. Measurable Outcomes.

SOLUTIONS MAY INCLUDE

- | | |
|--------------------------|----------------------|
| Access Control | Visitor Management |
| Emergency Communications | Mobile Surveillance |
| Video Surveillance | AI Analytics |
| Intrusion Detection | Cloud-Based Security |

OUTCOME-FOCUSED BENEFITS

- ✔ Improve campus visibility
- ✔ Strengthen coordination and response
- ✔ Reduce operational gaps
- ✔ Support safer learning environments
- ✔ Create a scalable long-term security strategy

Why Educational Leaders Choose Security 101

Nationwide Reach | Local Support | 60+ Locations | Long-Term Lifecycle Support | K–12 & Higher Education Expertise

Safer Campuses Require More Than Technology

Start with a more proactive, informed approach to campus security.
